- 1 / 1 point

Step 1: Read the manager's request in the top-left corner of the screen. Her request will be highlighted in green.

Step 2: Drag and drop the correct network device or server icon (e.g. DHCP) into the "drop here" area of the screen. If you make a mistake, click the "Reset" or "try again" button and try again.

Step 3: After you have completed all requests, close the quiz window and click the “Submit Quiz” button.

Good luck!
